

# Conversations with the Division of Healthy Start & Perinatal Services

**August 16, 2018**

# Meeting Logistics

Please note the following:

- This session is being recorded, and will be archived for future viewing.

- Members are encouraged to participate in the discussion by typing your comment/asking questions using the chat box.

# Webinar Agenda

Topic	Speaker
Housekeeping	Michelle Vatalaro
Welcome and Announcements	Johannie Escarne
HRSA/MCHB Updates Alliance for Innovation on Maternal Health (AIM)	Johannie Escarne Kimberly Sherman
Healthy Start Program Update	Benita Baker
HS National Evaluation Update	Robert Windom
HS Data Reporting	Chris Lim
Healthy Start ColIN Update	Anna Gruver Mary-Powel Thomas
EPIC Center Update	Suz Friedrich
Question & Answer	All Participants

# Welcome

**CDR Johannie Escarne, Acting Deputy Director**

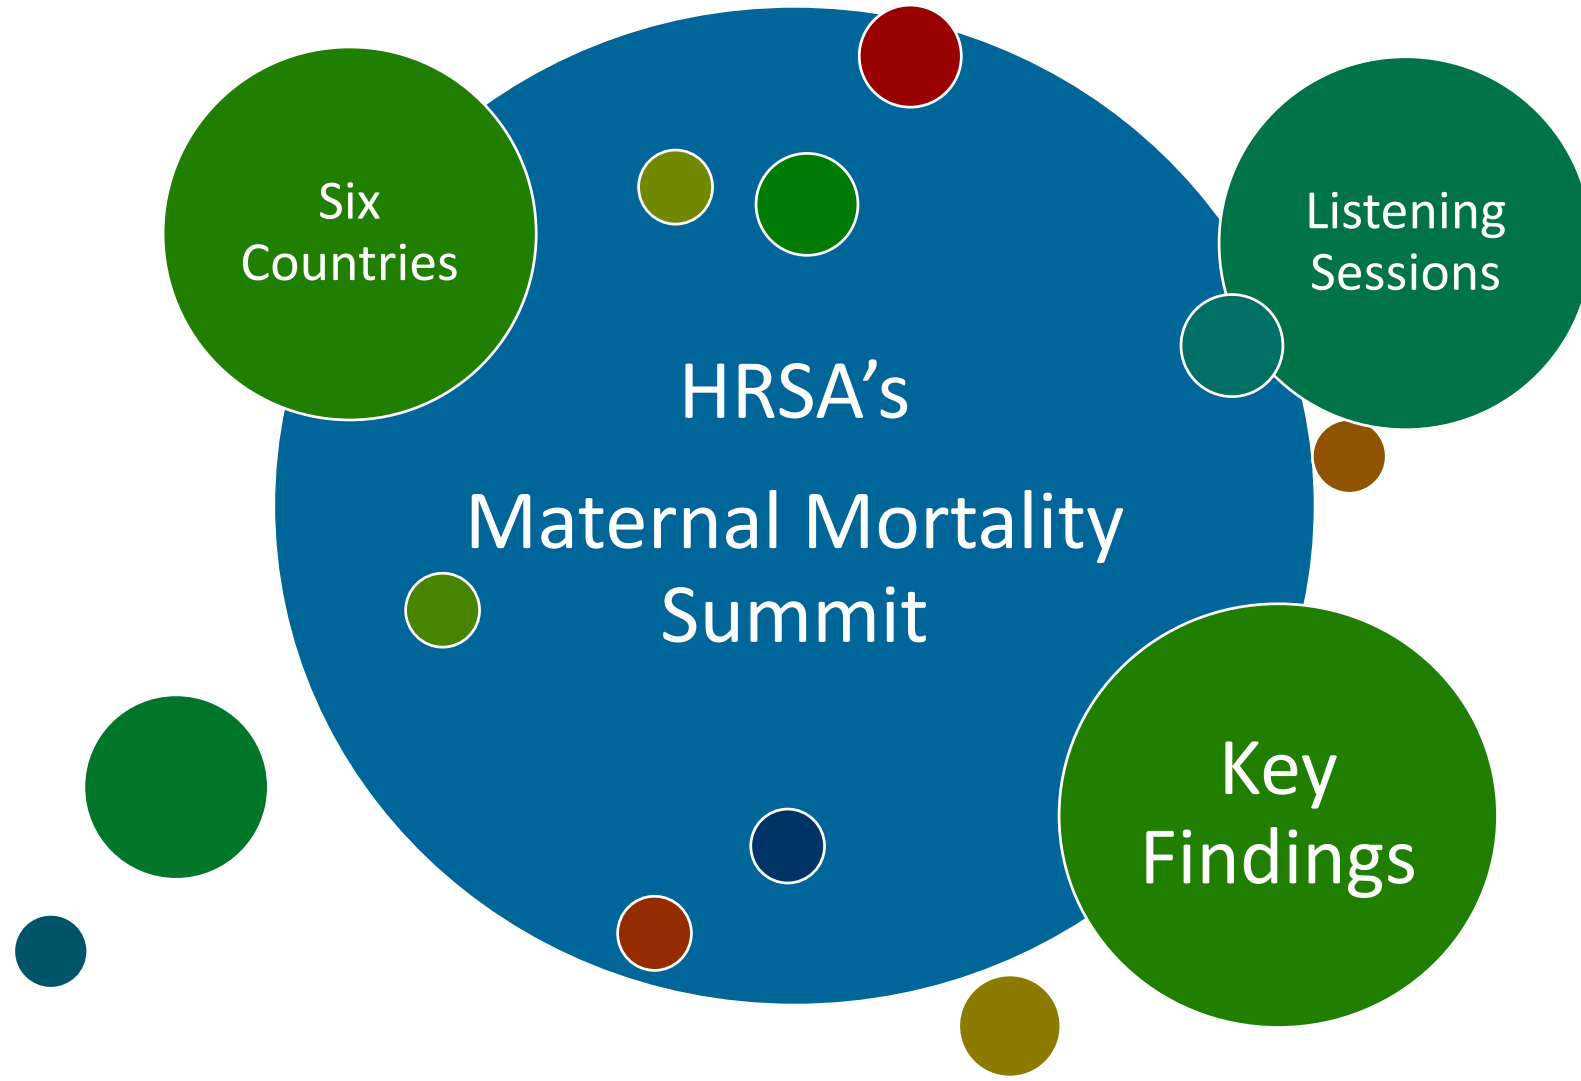

# Conversations with the Division

**Women's Health Update  
August 16, 2018**

**Kimberly C. Sherman, MPH, MPP  
Division of Healthy Start and Perinatal Services (DHSPS)  
Maternal and Child Health Bureau (MCHB)  
Health Resources and Services Administration (HRSA)**

# Summit Overview

**June 19-21, 2018, HRSA Headquarters, Rockville, MD**

**Goal:** To identify methods to reduce maternal mortality in the U.S. and participating countries.

**Objectives:** Through plenary and listening sessions, Summit participants will:

- Describe maternal mortality trends over the last 25 years;
- Discuss specific aspects of research/data, program/clinical practices, and policies addressing maternal mortality from the U.S. and participating countries.
- Identify key promising practices to inform policies and interventions to reduce maternal mortality rates; and
- Develop key findings to reduce maternal mortality

Country	Maternal Mortality Ratio (per 100,000)
Brazil	64.6
Canada	4.5
Finland	4.8
India	130
Rwanda	210
United Kingdom	8.76
United States	21.5

# Summit Preliminary Agenda

	Day I: Setting the Stage	Day II: Track Discussions	Day III: Sparking Innovation
Morning Sessions	<ul style="list-style-type: none"> <li>▪ Welcome &amp; Opening Remarks</li> <li>▪ Plenary: State of Maternal Health</li> <li>▪ Panel: Role of Government and NGOs</li> <li>▪ Presentation: Consumer Perspectives on MM</li> </ul>	<ul style="list-style-type: none"> <li>▪ Plenary 1: Preconception</li> <li>▪ P-1 Breakouts</li> <li>▪ Plenary 2: Pregnancy, Labor and Delivery</li> </ul>	<ul style="list-style-type: none"> <li>▪ Plenary 4 – Emerging Issues</li> <li>▪ P-4 Breakouts</li> </ul>
Afternoon Sessions	<ul style="list-style-type: none"> <li>▪ Panel I: Country Perspectives I-III</li> <li>▪ Panel II: Country Perspectives IV-VI</li> <li>▪ Closing Plenary</li> </ul>	<ul style="list-style-type: none"> <li>▪ P-2 Breakouts</li> <li>▪ Plenary 3: Postpartum</li> <li>▪ P-3 Breakouts</li> </ul>	<ul style="list-style-type: none"> <li>▪ Report Out/Summary Recommendations</li> <li>▪ Closing Plenary</li> </ul>

---

*“Maternal mortality and morbidity is a serious concern both here in the United States and across the globe.”*

**Dr. George Sigounas, HRSA Administrator**

---

---

*“Only a small fraction of estimated maternal deaths have a cause assigned. If you are not included in the counting, how do we accurately track outcomes?”*

**Dr. Doris Chou, WHO**

---

---

*“Every mother’s life matters. No woman should lose her life giving life.”*

**Dr. Albert Tuyshime, Rwanda Biomedical Center**

---

# Alliance for Innovation on Maternal Health

---

- AIM was launched by HRSA on September 1, 2014, through a four-year cooperative agreement to the American College of Obstetricians and Gynecologists (ACOG).
- Lessons Learned
  - Financial Support to State-Based Teams and Partners
  - Data Collection and Analysis
  - Program Evaluation
  - Public Awareness Campaign

# Alliance for Innovation on Maternal Health

# Maternal Safety Bundles

---

1. Maternal Early Warning Signs
2. Hemorrhage
3. Hypertension in Pregnancy
4. Venous Thromboembolism
5. Supporting Intended Vaginal Births
6. Reduction of Peripartum Racial Disparities
7. Postpartum Care Basics for Maternal Safety
8. Obstetric Care for Opioid Dependent Women

### ■ *Alm States*

 Serious intent

■ Invited Maternal OLB non-ALM States

☐ Interested

# Program Activities

---

1. Lead a **national partnership** of organizations focused on reducing maternal mortality and severe maternal morbidity by facilitating multidisciplinary collaborations;
2. Direct widespread implementation and adoption of the maternal safety bundles through collaborative **state-based teams**; and,
3. Collect and analyze process, structure and outcome **data** to drive continuous improvement in the implementation of safety bundles by state-based teams, through a continuous quality improvement framework.

*Please refer to page one of the NOFO.*

# Program Objectives

---

By August 31, 2023, the AIM program is expected to:

1. Facilitate widespread implementation of the current maternal safety bundles and/or resources by maintaining the existing 10 AIM state-based teams, and accepting 25 new state-based teams;
2. Develop new maternal safety bundles and/or resources that address new topics in the quality and safety of maternity care practices;
3. Develop and implement a national campaign focused on the current state of maternal mortality and severe maternal morbidity that highlights the impact of AIM, and how the maternal safety bundles improve maternity care practices; and,
4. Prevent 1,000 maternal deaths and 100,000 cases of severe maternal morbidity in the United States.

*Please refer to page one of the NOFO.*

# Healthy Start Program Update

**Ms. Benita Baker**  
**Chief, West Branch**

# Funding Updates

---

- Supplemental funding for all 100 awardee are being routed through HRSA for approval.
- Supplemental funding will be given at 4.23% of FY 18 requested amount.
- NOAs should be released within the next few weeks.

## Nov 1, Starts

- Progress reports (PR) are being reviewed by project officers (PO).
- More to come on NOAs for FY19.
- PO will provide a review summary after you receive your NOA, and hold discussions concerning your PR during regular monitoring calls.

# Transition Plans

---

- Federal awardees should develop a Transition Plan in the event that Federal funds are not available to fund your grant beyond the Project Period.
- Transition plan document will be sent through EHB within next few months, and will require a response submitted through the EHB.
- Consist of a General series of questions related to transitioning of project activities. Questions should be used as a guide, to develop a summary of transition activities.

# Contact Information

# Healthy Start National Evaluation Update

**CAPT Robert Windom**  
**Ansley Marcellus**

# Data Agreement Status

---

## As of 8/13/18:

- 34 fully executed DUAs signed by VRO, HS grantees, and MCHB
- 3 pending signature or legal review (**FL, IL, OK**)
- 2 states not participating (**NJ, TX**)

# Healthy Start Evaluation

---

## Transfer of Healthy Start Client Level Data to Vital Records

- All programs with a completed DUA should be in contact with your state VRO to initiate data transfer and record linkage.
- If a DUA has not been finalized, you can still contact your VRO to begin preparing files for data transfer.
- DUA data transfer to the VRO is a one-time transfer.

# Healthy Start Evaluation

---

- Grantees provide Healthy Start participant individual identifier variables to state VRO for all mothers who gave birth in 2017 and consented to participation in evaluation.
- VROs match Healthy Start participant data with available maternal and infant information, and transfer linked data along with non-participant control data to HRSA

# Points of Contact

---

**Robert Windom:**

**Ansley Marcellus:**

Email: [amarcellus@hrsa.gov](mailto:amarcellus@hrsa.gov)

**Abt Associates:**

Email: [Healthstarteval@abtassoc.com](mailto:Healthstarteval@abtassoc.com)

# Healthy Start Data Reporting

**CDR Chris Lim**

# Healthy Start Data Reporting

---

**Thank You, Healthy Start grantees!!!!**

- **Calendar year (CY)2017 client-level data was submitted to the HSMED by 06/29/2018. It is the first Healthy Start client-level dataset and is currently under program review.**
- **Data Integrity and Reporting Community Café Notes – Regional Meeting #5 – Helpful data collection, review and reporting tips and practices will be shared in Sept 2018.**

# Healthy Start Monitoring & Evaluation Data (HSMED) Reporting

---

## UPDATES:

- **CY2018 client-level data will be closed by 02/15/2019.** The HSMED will not accept 2018 data after **02/15/2019**. All 2018 data will be considered final on this date and will not be able to be adjusted/changed. *You do not need to wait until 02/15/2019 to finalize your 2018 data. You are encouraged to submit missing or corrected 2018 data so as soon as possible.*

**NOTE:** When uploading data collected across multiple months, please name upload files with the reported months. *Example: files with data 01/2018 through 12/2018 could include “Jan – Dec2018....” within the naming convention.*

- CY2018 Client-level Data Upload Tip Sheet will be distributed in Sept 2018.

# Healthy Start Monitoring & Evaluation Data (HSMED) Reporting (Cont'd)

## REMINDERS:

- To new HS staffers, the HSMED system is accessed via the following URL: <https://healthystartdata.hrsa.gov/> by a registered HSMED user. All registered users are to utilize a grantee assigned HSMED user code, to set up user accounts, previously emailed to all grantee Project Directors, April/May 2017.
  - If you are unable to find or retrieve your organization's HSMED user code, email the [hssupport@dsfederal.com](mailto:hssupport@dsfederal.com).
- **NOTE:** If your organization does not have a registered HSMED user, please designate an evaluator, data manager, project director, etc. to become a HSMED user. Users can retrieve client-level data uploaded into the HSMED, as needed.
- Monthly client-level data upload - grantees are to upload monthly data into the HSMED, starting the 10<sup>th</sup> day of each month, consisting of data collected from the prior month.
  - *Example: starting on 09/10/2018, a grantee organization is to upload data collected on clients throughout the month of 08/2018.*

# Healthy Start Aggregate-Level Data Reporting

---

## UPDATES:

- Missing and correct CY2017 and CY2018 aggregate-level data is due by 08/31/2018.
- **CY2018 aggregate-level data will be closed by 02/15/2019.** All 2018 data will be considered final on this date and will not be able to be adjusted/changed. *You do not need to wait until 02/15/2019 to finalize your 2018 data. You are encouraged to submit missing or corrected 2018 data so as soon as possible.*

# Healthy Start Aggregate-Level Data Reporting (Cont'd)

## REMINDERS:

- Per the 01/30/2018 email: “CY 2018 Healthy Start Aggregate-Level Data Reporting”, DO NOT COUNT clients who STOPPED receiving services as of 12/31/2017, for the new CY 2018 reporting period (01/01/2018 – 12/31/2018) These clients are no longer active and must not be counted in CY 2018.
  - **NOTE:** Subtract the number of “inactive” clients from CY 2018 total clients served, measured by data element: “1.c. Total number of HS participants served to date (current calendar year)”.
- The latest version of the Healthy Start Aggregate Data Reporting Template, in the writeable MS Excel format, and the corresponding Healthy Start Aggregate Data Reporting Guide, in the PDF form, are available on the Healthy Start EPIC Center website: <http://healthystartepic.org/healthy-start-implementation/monitoring-data-and-evaluation/>.
- Counting women clients, for 1.c. Total number of HS Participants served to date (current calendar year) – women enrolled when pregnant are to be counted into the “Pregnant Women” total for the entire calendar year and when a non-pregnant woman becomes pregnant within the calendar year she is to be counted into the “Pregnant Women” and be subtracted from the “Non-Pregnant Women” total. *Refer to page 14 of the Guide.*

# Healthy Start Aggregate-Level Data Reporting (Cont'd)

## REMINDERS (cont'd):

- Each monthly aggregate reporting continues to start on the 10<sup>th</sup> day of each month.
  - *Example: on 08/10/2018, a grantee organization will begin to complete an aggregate data template*
- Each month your organization is to report on the previous month's data.
  - *Example: starting 08/10/2018, all grantees are to submit aggregate data that reports grantee performance throughout 07/01/2018 – 07/31/2018. Refer to page 6 of the Guide.*
- Each completed Healthy Start Aggregate Data Reporting Template must be named/titled with grant number and reporting month and year.
  - *Example: MC#####\_08-2018\_HS\_Data\_Report. Refer to page 8 of the Guide.*
- Each completed Healthy Start Aggregate Data Reporting Template must be emailed to the Healthy Start Data Mailbox: [healthystartdata@hrsa.gov](mailto:healthystartdata@hrsa.gov) and copied to the assigned HRSA Project Officer (PO).
  - **NOTE:** include in "Subject" line: grant number, reporting month, and reporting year. Grantee name is optional, but appreciated. Refer to page 9 of the Guide

# Healthy Start Aggregate-Level Data Reporting (Cont'd)

---

## REMINDERS (cont'd):

- Aggregate data reporting will continue through CY2018, until the following exist:
  - All 100 grantees are able to regularly upload CY2018 client-level data, into the HSMED
  - Uploaded client-level data is accurate and valid.
- Grantee call template data reporting continues
  - **NOTE:** call reported data is used to validate aggregate data.

# List of Healthy Start Program Reports

## Healthy Start Reporting Project Schedule

Reports	Reporting Submission Due Dates
Noncompeting Continuation Progress Reports – to HRSA EHB	<b>Prior to end of budget period</b>
Performance Reports – to HRSA EHB DGIS	<b>By the HRSA EHB's generated due date, after NoA issuance</b>
Monthly HS Aggregate-level Data Report – to <a href="mailto:HealthyStartData@hrsa.gov">HealthyStartData@hrsa.gov</a>	<b>Starting the 10<sup>th</sup> of each month, and by no later than the end of the month.</b>
Monthly HS Client-level Data Report - to the HSMED <a href="https://healthystartdata.hrsa.gov/hslogin/admin/login.aspx">https://healthystartdata.hrsa.gov/hslogin/admin/login.aspx</a>	<b>Starting the 10<sup>th</sup> of each month, and by no later than the end of the month.</b>
Grantee Call Templates – to Project Officer	<b>In the discretion of the assigned MCHB/DHSPS Project Officer</b>

# Conversations with the Division Webinar

## August 16, 2018

## Healthy Start ColIN Update

# Submitted Definition of Case Management/Care Coordination

*Healthy Start's Case Management/Care Coordination is a partnering process between a Healthy Start affiliated provider and a Healthy Start enrolled participant and their family during which a strength-based, collaborative relationship is developed to support management of health and social needs, including participant risk screens, family needs assessments, establishment of care plans, providing needed services and health education, and ensuring maintenance of referrals and follow-up. Contacts between the Healthy Start provider and the Healthy Start participant may occur through home visiting, face-to-face encounters, and emerging care modalities that best meet the needs of the Healthy Start community.*

# CM/CC Definition Feedback Results

- 78% responded that the proposed CM/CC definition honors the unique aspects of individual HS programs while standardizing critical components of the HS program.
- 76% reported that the proposed CM/CC definition **completely or closely aligns** with their current practice.
- 82% reported that the proposed definition would be **either completely or somewhat feasible** to implement with their current resources.
- 40% identified specific feedback on **components to include** in the proposed definition.

# Summary of Feedback on CM/CC Definition Components

Key themes raised during the feedback process included:

- requirement for a written care plan;
- need for clarity for what constitutes face-to-face contact;
- lack of clarity regarding the role of home visiting within the HS core services.

Suggestions for specific additions to the definition:

- providing services, strengths, advocacy, doula work;
- working collectively with the client's/family's interdisciplinary team;
- health education and promotion.

# CoIIN Next Steps

- **Advancing CM/CC work:**
  - Incorporate feedback from grantees;
  - Align with NOFO guidance; and
  - Finalize CM/CC initiative by March 2019.

# Screening Tool Review and Revision

# Guiding Principles

## Guiding Principles for Screening Tool Development

- serve as the foundation for care coordination and case management approach.
- address or allow comprehensive risks for each perinatal period.
- align with the HS performance measures.
- provide a minimum requirement, but can be expanded by HS programs.
- adapt screening questions from existing evidence-based screening tools.

## Considerations for Screening Tool Revision

- balance the requirements of implementation of tools with the level of available resources (eg: size of program).
- weight the value of changes to the screening tools against the investments by programs to date (eg: database development, training, workflow changes, etc).
- overall simplification and shortening of screening tools.
- reconcile CoIIN and grantee recommendations when feedback conflicts.
- be client-centered, if what we're hearing is that the length of the tools poses a barrier to developing relationships with clients.

# Screening Tool Review Methodology

- Invitation at March 2018 grantee meeting to submit feedback on existing tools.
- Kick-off: May 2018 Conversations with the Division webinar.
- HS CollN and grantees provided feedback at multiple points: 7 cycles with 4 points of recommendations.
- High-level reviews were conducted during monthly CollN calls: April, May, and June.

# Screening Tool Review

# Screening Tool

## Qualitative Feedback

Feedback reflected issues or recommendations that fell into four categories:

- Optimizing services provided to participants;
- Data quality/continuity;
- Costs associated with making revisions; and
- General clarifications, instructions, or formatting.

# Challenges in Screening Tool Review and Revision Process

- Reconciliation of conflicting feedback
- Division's mandate to limit modifications to tools in order to facilitate expedited OMB screening
- Limitations to modifying tools in order to accommodate data collection continuity
- Constraints of timeframe for review and revision process

# Screening Tool Review Outcome

## Feedback from 31 grantees for final review

Tools*	Initial Number of Questions	Final Number of Questions	Number of Required Questions
Demographic	14	28	2
Pregnancy History	11	9	2
Prenatal	63	43	15
Post-Partum	75	59	29
Parenting/ Interconception	76	54	24
Total	309	263	72

\*The preconception tool was not reviewed because almost all questions appear on other tools.

# Screening Tool Revision Package

Recommendations were submitted to the Division on June 11, 2018, for inclusion in the NOFO:

- Screening Tool Review Guidelines
- Summary of Qualitative Feedback
- Summary of Questions Changed
- Final Recommendations, with Backup
- Revised Screening Tools
- CM/CC Definition

# Summary

The focus of the HS CollN during this period has been working toward:

- Healthy Start as promoting equity;
- Healthy Start as a system of care; and
- Establishment of a common foundation as a strategy for sustainability.

# EPIC Center Update

August 2018  
JSI/EPIC Center

Supporting communities to  
give every child a Healthy Start.

# Inventory of EBPs

## Evidence-Based Practices

### Inventory of Evidence-Based Practices (EBPs) for Healthy Start Programs

Evidence-based practices include actions, activities, strategies, or approaches that improve the health of women, before, during, and after pregnancy in order to improve birth outcomes and give infants up to age two years a healthy start. Also included in the collection are informational materials and tools that make it easier to implement evidence-based practices. To search by title, use the main search box located at the top of this page.

#### Most Recently Added EBPs:

Number of results: 200

#### Recruiting and Retaining Men in Responsible Fatherhood Programs: A Research-to-Practice Brief

This research-to-practice brief summarizes several promising practices from the Strengthening Families Evidence Review (SFER) on recruitment and retention. It provides guidance on how to plan for recruitment, engage fathers in services, and maintain high rates of participation. The strategies can be tailored to meet the needs of specific programs and fathers. Regardless of the strategies used, all programs should be prepared for an intensive effort to recruit and enroll fathers.

Topics:

#### Filter by Topics

Participant Recruitment and Retention

Partner Involvement

Intimate Partner Violence

Life Course Model

Parenting Education

Socio-emotional Development for Children

Breastfeeding

Safe Sleep

Prenatal Care and Education

Tobacco Cessation

Alcohol/Drug Services

# HEALTHY START COMMUNITY HEALTH WORKER COURSE

## Part 1: Healthy Start 101 & Perinatal Health Modules

### Healthy Start 101

By the end of the Healthy Start 101 Module, you will be able to:

### Preconception & Interconception Health

Preconception & Interconception Health Module, you will be able to:

### Prenatal Health

By the end of the Prenatal Health Module, you will be able to:

### Postpartum Health

By the end of the Postpartum Health Module, you will be able to:

### Parenting & Child Development

By the end of the Parenting & Child Development Module, you will be able to:

## Part 2: CHW Roles Modules

### Scope of Practice & Core Values

By the end of the Scope of Practice & Core Values Module, you'll be able to

### Outreach

By the end of the Outreach Module, you will be able to:

### Participant Screening & Community Assessment

By the end of this module, you will be able to:

### Health Education

By the end of the Health Education Module, you will be able to:

### Care Coordination

By the end of the Care Coordination Module, you will be able to:

### Participant Empowerment & Community Engagement

By the end of this module, you will be able to:

Certificates are e-mailed within 48 hours of course completed

# Training Resources

## Monthly Webinars

All webinars are taped and archived on website. Topics include:

- AStEPP
- Healthy Living
- 4 P's
- Benchmarks
- 5 A's

[illegible]

Thank you for taking the time to fill out this short program self-assessment. Your Healthy Start Program may choose to use this voluntary self-assessment as a reflective tool to identify strengths and areas for improvement where the Healthy Start EPIC Center might be able to provide training or technical assistance. This is a voluntary tool, and the results may be used and shared however your program feels is most appropriate.

This program self-assessment is broken out into two sections - focused on your Healthy Start activities, and the second look at the systems and operations in which these services exist.

**What next?**

Based on your results, your Healthy Start program may seek training or technical assistance from the Healthy Start Center to support identified areas for improvement. For discussion your results and potential training or technical options with your Project Officer or your region's Technical Assistance Coordinator. You may also visit [www.hv.gov](http://www.hv.gov) to search the existing knowledgebase, view records, or submit a technical assistance request.

**QUESTION ONE: HEALTHY START ACTIVITIES**

First, please tell us how your program is doing in each of the following areas of activity by checking a box in one of the first three columns. Then, please check the box in the last column if this is an area in which you would like to receive targeted support. Please feel free to add comments explaining why (or why not) you are interested in receiving support.
