Intergenerational/Familial Substance Use

The social determinants of substance use during pregnancy shown in this infographic are informed by discussion groups and video interviews conducted in Tribal communities in North and South Dakota. Additional information is sourced from an article about Aboriginal women in Canada: Shahram, Sana Z. et al. "Mapping the Social Determinants of Substance Use for Pregnant-Involved Young Aboriginal Women." *International Journal of Qualitative Studies on Health and Well-being* 12.1 (2017): 1275155. PMC. Web. 22 May 2018.
