HEALTHY START TA & SUPPORT CENTER

ROOTT LEARNING ACADEMY
HOSTED BY THE HEALTHY START TA & SUPPORT CENTER AT NICHQ

Healthy Start Learning Academies

HEALTHY START LEARNING ACADEMIES PROVIDE AN OPPORTUNITY FOR HS GRANTEES TO PARTICIPATE IN CURRICULUM-BASED COURSES ON SPECIFIC TOPICS ASSOCIATED WITH THE FOUR HS APPROACHES AND 19 HS BENCHMARKS. LEARNING ACADEMIES BUILD HS STAFF KNOWLEDGE AND PREPARE THEM TO APPLY THEIR LEARNINGS TO THEIR HS PROGRAM'S DAY-TO-DAY ACTIVITIES.

Learning Academy Structure

- Monthly virtual sessions
- Required readings
- Group presentations
- All sessions will be posted on EPIC in an e-learning format for those who cannot attend the live sessions

ROOTT Learning Academy

Goals:

- ❖ To develop a progressive understanding of the Structural Determinants of Health and how they have led to the consequences of unmet Social Determinants of Health.
 - ❖ Examines how policy development and institutional systems have created health inequities that oppress Black families in the maternal & infant health space and beyond.
-

ROOTT Learning Academy Schedule

Session	Time & Date
Session #1	April 14, 3-4:30 pm ET
Session #2	May 12, 3-4:30 pm ET
Session #3 (Fatherhood Talk Tuesday)	June 14, 3-4:30 pm ET
Session #4	July 14, 3-4:30 pm ET
Session #5	August 11, 3-4:30 pm ET

The Destabilization Of Black Economics:
The Relationship Between Public Housing
Policy, Black Infant and Maternal Mortality

Jessica M. Roach, MPH
Chief Executive Officer & Partner

Dorian L. Wingard, MPA
Chief Operations Officer & Partner

OBJECTIVES

1. Develop an understanding of the consequences of the unmet Social Determinants of Health throughout the 400+ year timeline.
2. Establish the connection between Black Family Health Inequity, Public U.S. Housing Policy, and Black Economic Destabilization
3. Address the inherent racism of governmental systems and how they impact Black Families socioeconomically.

ROOTT ORGANIZATIONAL OVERVIEW

Restoring Our Own Through Transformation (ROOTT) is a collective of concerned Black Families, community members, advocates & interdisciplinary professionals dedicated to decreasing maternal & infant mortality in Ohio.

ROOTT's mission is to comprehensively restore our collective well-being through collaboration, resource allocation, research & empowerment, in order to meet the needs of parents & families within communities.

ROOTT IMPACT STATEMENT

ROOTT accomplishes its mission by providing direct services & public policy advocacy & education, in alliance with local & national stakeholders.

ROOTT goes beyond surface level risk factors regarding marginalized mothers, fathers, infants, & communities in addressing the root causes of these rates.

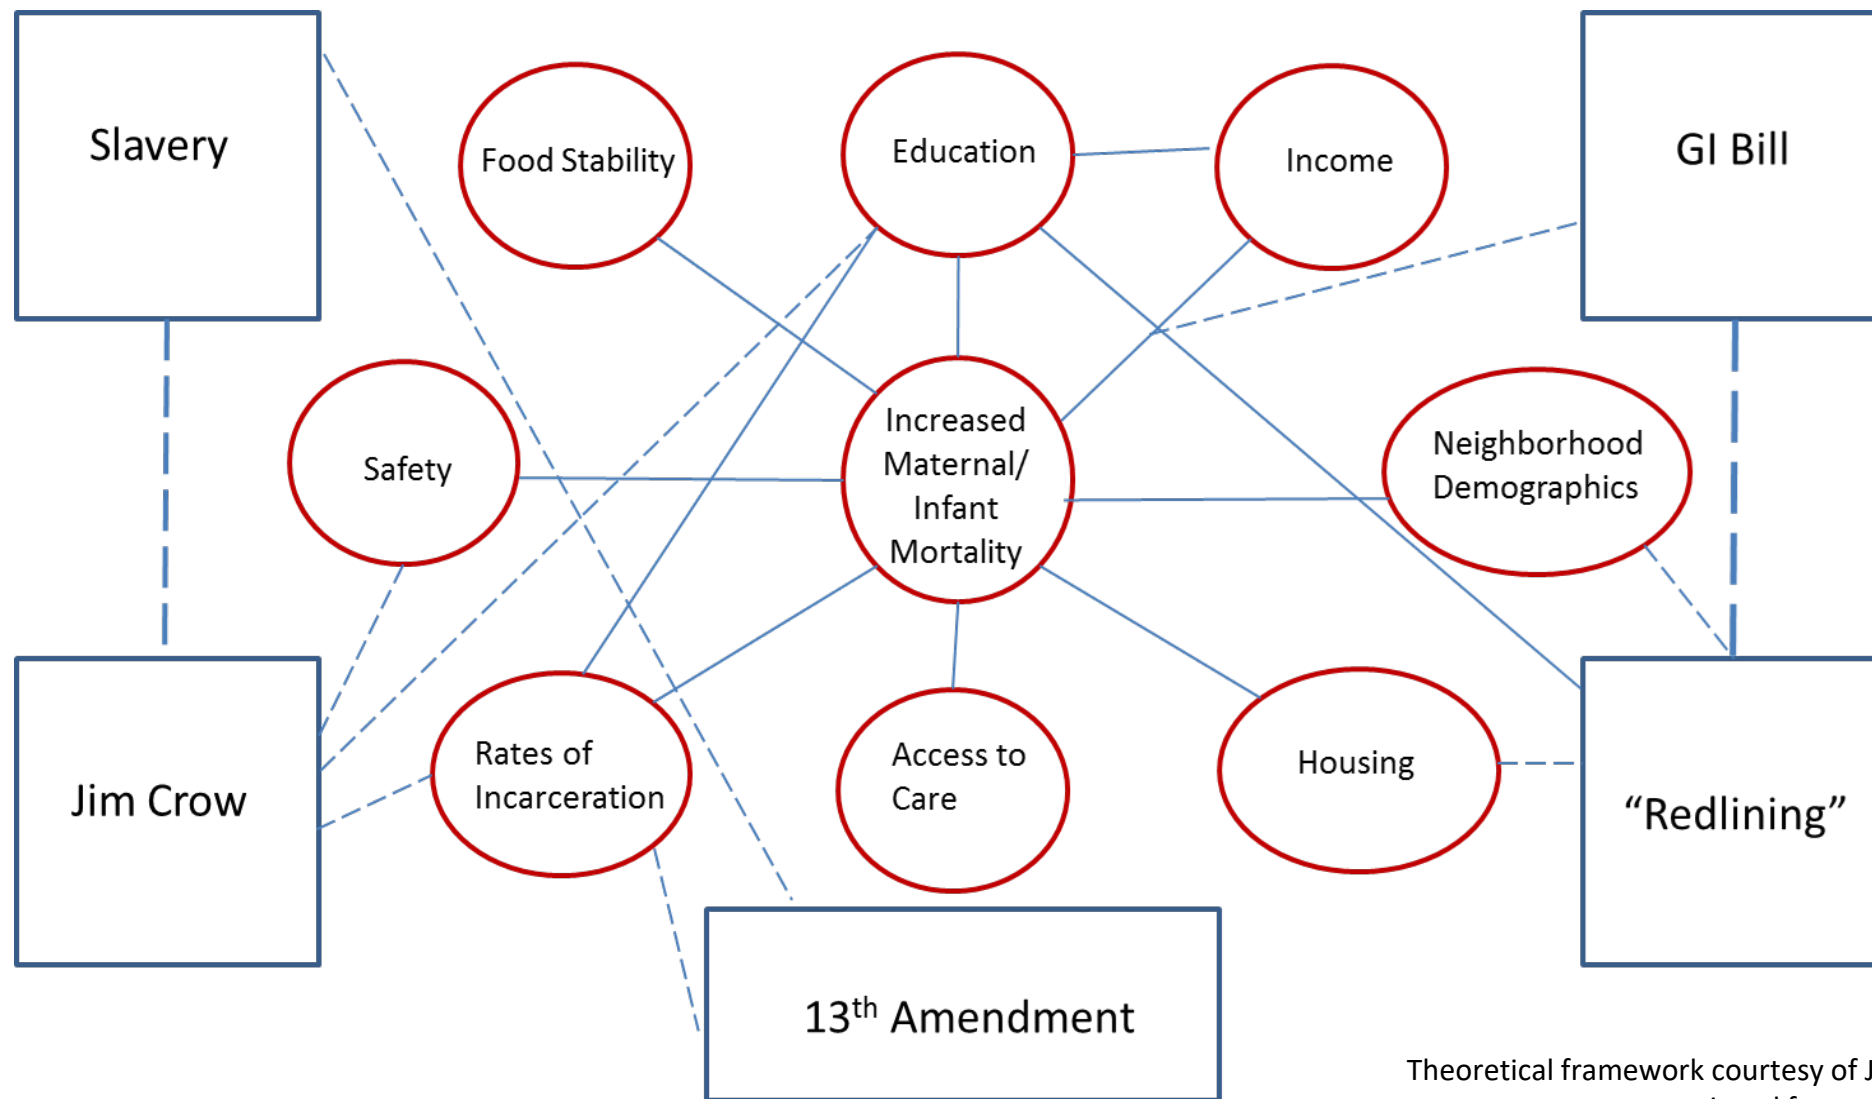

ROOTT directly addresses the consequences of the unmet Structural Determinants of Health including the institutional racism that causes the Social Determinants of Health to be unmet.

ROOTT collaboratively builds quality relationships with families, caregivers, professionals & paraprofessionals aligned with our mission.

BREAKOUT QUESTION

Do **you** see a relationship between
U.S. public housing
policies/gentrification and Black
infant/child health disparities?

If yes, how?
If no, why?

Housing Segregation and Redlining in America: A Short History | Code Switch | NPR

The Segregation Myth: Richard Rothstein Debunks an American Lie | NowThis

After watching these videos, how are you feeling using one word?

What are some of the ways these
systemic inequities show up in
communities?

HEALTH INEQUITIES

- ✓ Lack of Access
- ✓ Poor Health Outcomes
- ✓ Inaccurate Health Information
- ✓ Obstetric Racism
- ✓ Infant Mortality

CRIMINAL JUSTICE

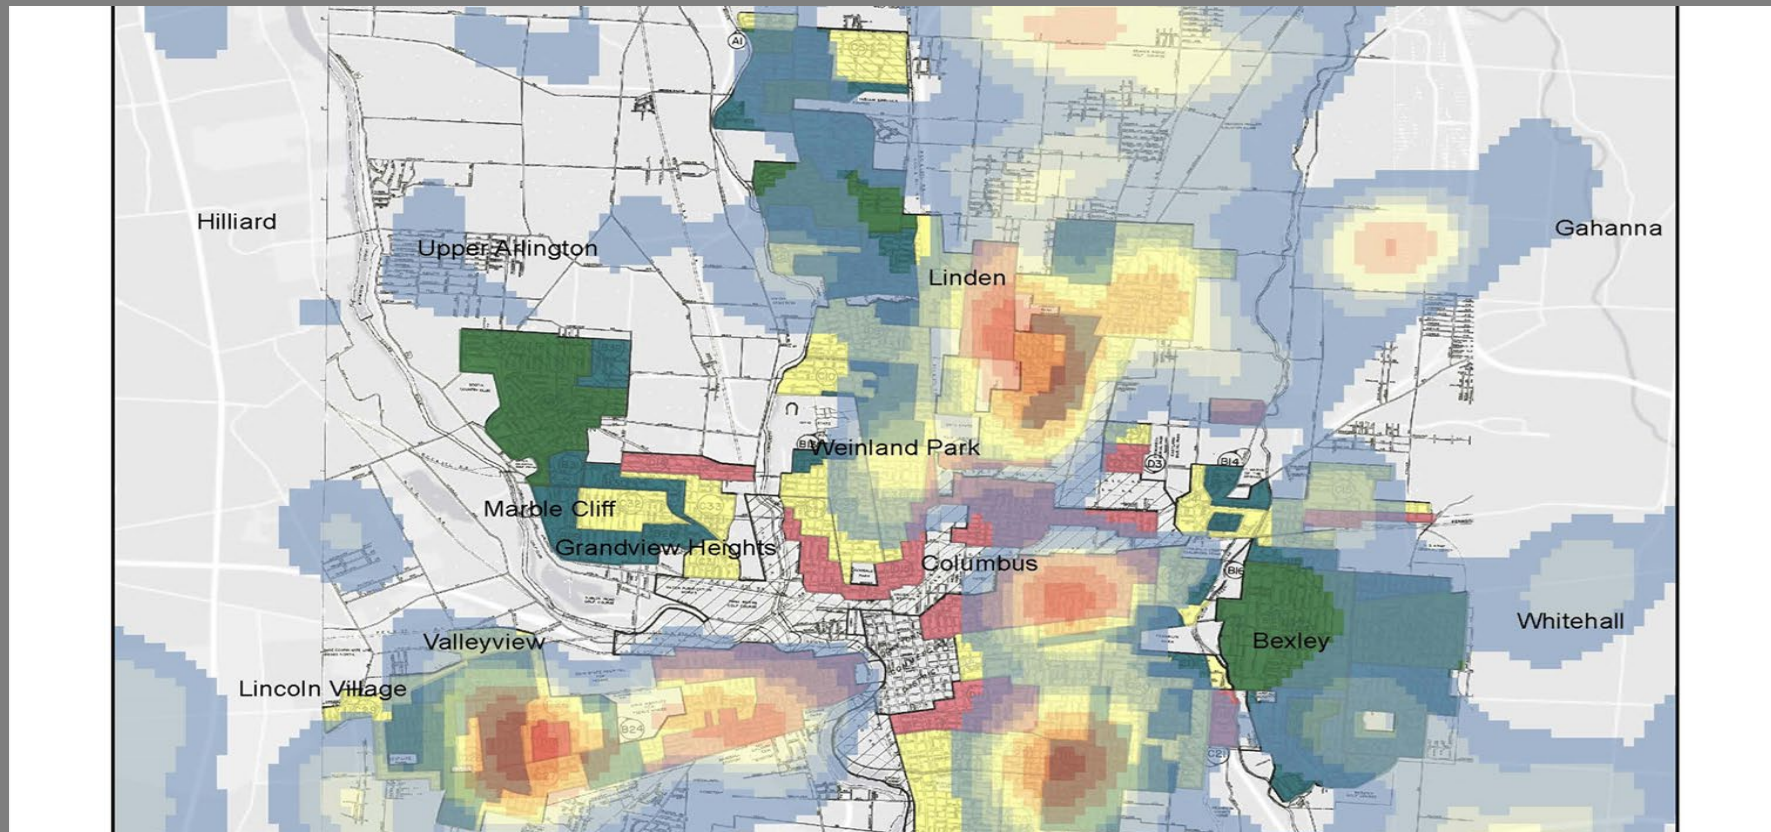

- ✓ Hyper-Police presence
- ✓ Police Aggression
- ✓ Disproportionate Arrest & Incarceration
- ✓ Criminalization of Black Mothers and Fathers
- ✓ P&MM

SOCIOECONOMICS

- ✓ Public Education
- ✓ Transportation
- ✓ Safe and Sustainable Housing
- ✓ Food Deserts
- ✓ Gentrification

Police Shootings 2015 to 2018 (by Neighborhood) and Neighborhood Infant Mortality Rates

Police Shootings 2015 to 2018

Near East Side: Shooting Death of Tyree King (13) by Columbus police after pulling out air pistol

Police Shootings 2015 to 2018 (by Neighborhood) and Neighborhood Conditions (Infant Mortality Rates & Historical Redlining)

- Formerly redlined neighborhoods and areas with the highest infant mortality rates have a disproportionate experience with police violence
- Of 25 police shootings since 2015 in Columbus Ohio
 - 20 (80%) were in the general vicinity of neighborhoods which have been identified as infant mortality hot spot areas
 - 13 (52%) were in areas which were historically redlined
 - Four neighborhoods contained 2/3's (64%) of all police shootings (Hilltop, Franklinton, South Side, SE Side)

Without addressing, **disrupting**,
and **dismantling** the structural
determinants, we **will not** be able
to address social determinants.

Satisfaction Survey

*YOUR FEEDBACK IS EXTREMELY VALUABLE AND WILL HELP
ENSURE OUR OFFERINGS MEET YOUR SUPPORT NEEDS!*

ROOTT Learning Academy Project

At the completion of the ROOTT Learning Academy, participants will present a final project using the learnings from the Learning Academy on **Thursday, August 11th**.

Using the web of causation covered in Session #1, choose one social determinant listed and plan how you will *deconstruct* that social determinant in your Healthy Start community. Include **any potential barriers** to addressing this and policies or structures that have contributed to the SDOH.

Reproductive Injustice

By Dana Ain-Davis

The TA & Support Center is pleased to provide one copy of this book to each Healthy Start grantee participating in the ROOTT Learning Academy.

To request a copy for your project, please complete the request form by following the link in the chat box or scanning the QR code.
